THE STONE SPECIALISTS

MOULDED STONE & NATURAL STONE BATHWARE

[www.claybrookinteriors.com](http://www.claybrookinteriors.com)

With over 40 years of experience in the stone industry, Claybrook specializes in combining the finest materials with an innovative approach to design and a truly British understanding of quality and craftsmanship.

From humble beginnings as stonemasons, to establishing our own stone processing facility, our dedication to craftsmanship remains at the heart of everything we do. Using our extensive knowledge of stone and its unique properties, we developed MarbleForm™. MarbleForm™ is an eco-conscious material made from reclaimed stone. At Claybrook we are committed to creating sustainable solutions and endeavour to minimize our environmental impact.

Trusted by renowned designers and prestigious hotel groups around the world, Claybrook's designs will truly elevate your interior.

# MARBLEFORM™

INNOVATION.

SUSTAINABILITY.

MarbleForm™ is the sustainable, unique material that Claybrook has developed to reimagine the possibilities of stonecraft. The impact we have on the environment matters to us. That is why we have developed our specialized moulded stone technology.

MarbleForm™ is produced by using reclaimed stone leftover from the production of our tiles. This is then combined with high-performance resin and colour pigments. Using the latest injection moulding techniques, we can form anything from classic bath and basin designs to custom pieces that were previously unimaginable. MarbleForm™ demonstrates Claybrook's commitment to a sustainable and innovative future.

## MARBLEFORM™ FINISHES

## NATURAL FINISH

Offering a stylish and raw organic aesthetic, the textured surface has a soft and tactile appeal, making the bathtub feel more connected to nature.

## HONED

Achieved through a meticulous hand-finished polishing process, the matte surface has a refined and contemporary look.

## HIGH HONED

Featuring an ultra-smooth surface with low reflectivity, while preserving the luxury feel of a matte finish. This is the finish of choice for our darker tones and is more resistant to finger prints.

A high-angle, close-up photograph of a white, modern bathtub. The tub has a smooth, curved interior and a matching exterior. A pop-up waste is visible on the side, and a slim overflow line is also present. The background is a plain, light-colored surface.
